

RINO MASTROTTO

UNTOUCHABLE

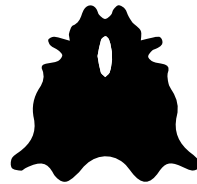

Standing against sun fading and scratching, Untouchable truly lives up to its name thanks to Purely Protected® technology. This heavyweight leather offers exceptional durability while still maintaining a luxurious feel. Untouchable's crackle finish creates a distinctive look that does not pull out when the furniture is upholstered. The crackle will retain it's look around tight arms and corners while seats will not loose color. The unique finishing process gives Untouchable a natural apperance with the protection of a fully pigmented leather. Appreciate characteristics such as scars, belly wrinkles, scratch marks, and insect bites, which are signatures only genuine leather can exhibit. Purely Protected leather is not protected against abuse, animal chewing, digging, or sharp objects.
